

# Oily Skin Study

WIRB #: 8286596.0

DermSurgery Associates is seeking volunteers to participate in an oily skin research study.

Eligible participants must:

- Be 18 years of age or older (non-lactating, non-pregnant)
- Currently have oily skin
- Be willing to follow the study schedule and requirements
- Be willing **not** to use topical or systemic (oral) anti-acne medications including medicated shampoo or soap during the study period
- Be willing to have photographs taken and used for educational or marketing presentations and publications

There will be a **stipend** paid at the completion of the study. All studies are conducted at **no cost** to the participant.

To find out more about this study, call DermSurgery Associates:
