Make the e new promises to yo they re a breeze espe i with and duct p see beautiful why not get sta

2 Moisturize to the max.

Regular hydration is crucial to maintaining soft, healthy skin. Paul Friedman, M.D., board-certified dermatologist and director of DermSurgery Laser Center in Houston, says that because damp skin absorbs much better, it's smart to apply moisturizer immediately after bathing, showering or washing your hands. For suppler skin head to toe, try the three here:

Clay Moisturize | Shower Radi Lot on st ew
 way to hydrate You smooth t on dur ng your shower then r nse Spec ally formulated for ultra adherence and penetrat on t won t towel off
